

15 December 2017
BITEC, Bangkok

ASEAN Waste Management Forum 2017

Background and objective

With more economic integration in Southeast Asian countries, especially rapid growth in CLMV countries (Cambodia, Laos, Myanmar and Vietnam), waste and resource management has become ever more important. Sustainable waste management requires not only technological advancement but also practical policy framework, market mechanism, financial resources and cooperation among stakeholders.

Solid Waste Management Association (Thailand) in cooperation with TechnoBiz Asia and ISWA will organize the 2nd ASEAN Waste Management Forum 2017 to be a platform for sharing experiences, exchanging ideas and business opportunities among countries in Southeast Asia and Asia.

Date and Venue

15 December 2017 at BITEC, Bangkok.

Who should attend

Waste Management Companies, Technology and Equipment Suppliers, Traders, Investors, Waste-Generating Industries, Consultants, Government Agencies, Researchers and General Public.
